Board Policy

BP 1312.3 Uniform Complaint Procedures

The Governing Board recognizes that the district has the primary responsibility to ensure compliance with applicable state and federal laws and regulations governing educational programs. The Board encourages the early, informal resolution of complaints whenever possible and appropriate. To resolve complaints which cannot be resolved through such informal process, the Board adopts the uniform system of complaint processes specified in 5 CCR 4600-4670 and the accompanying administrative regulation.

The district's uniform complaint procedures (UCP) shall be used to investigate and resolve the following complaints:

1. Any complaint alleging district violation of applicable state or federal law or regulations governing:

- After School Education and Safety
- Agricultural Vocational Education
- Bilingual Education
- California Peer Assistance and Review Programs for Teachers
- Career Technical and Technical Education and Career Technical and Technical Training
- Career Technical Education
- Child Care and Development
- Child Nutrition
- Compensatory Education
- Consolidated Categorical Aid
- Every Student Succeeds Act / No Child Left Behind
- Local Control Accountability Plans (including Charter Schools as described in *EC* §§ 47606.5 and 47607.3);
- Migrant Education
- Regional Occupational Centers and Programs
- School Safety Plans
- Special Education
- State Preschool
- Tobacco-Use Prevention Education

(cf. 3553 - Free and Reduced Price Meals)

(cf. 3555 - Nutrition Program Compliance)

(cf. 5141.4 - Child Abuse Prevention and Reporting)

(cf. 5148 - Child Care and Development)

(cf. 6159 - Individualized Education Program)

(cf. 6171 - Title I Programs)

(cf. 6174 - Education for English Language Learners)

(cf. 6175 - Migrant Education Program)

(cf. 6178 - Career Technical Education)
(cf. 6178.1 - Work-Based Learning)
(cf. 6178.2 - Regional Occupational Center/Program)
(cf. 6200 - Adult Education)

2. Any complaint alleging the occurrence of unlawful discrimination (such as discriminatory harassment, intimidation, or bullying) against any person in district programs and activities, including, but not limited to, those programs or activities funded directly by or that receive or benefit from any state financial assistance, based on the person's actual or perceived characteristics of race or ethnicity, color, ancestry, nationality, national origin, ethnic group identification, age, religion, marital or parental status, physical or mental disability, sex, sexual orientation, gender, gender identity, gender expression, or genetic information, or any other characteristic identified in Education Code 200 or 220, Government Code 11135, or Penal Code 422.55, or based on his/her association with a person or group with one or more of these actual or perceived characteristics (5 CCR 4610)

(cf. 0410 - Nondiscrimination in District Programs and Activities)
(cf. 4030 - Nondiscrimination in Employment)
(cf. 5145.3 - Nondiscrimination/Harassment)
(cf. 5145.7 - Sexual Harassment)

3. Any complaint alleging district noncompliance with the requirement to provide reasonable accommodation to a lactating student on school campus to express breast milk, breastfeed an infant child, or address other breastfeeding-related needs of the student (Education Code 222)

(cf. 5146 - Married/Pregnant/Parenting Students)

4. Any complaint alleging district noncompliance with the prohibition against requiring students to pay fees, deposits, or other charges for participation in educational activities (5 CCR 4610)

A pupil fee is a fee, deposit, or other charge imposed on pupils, or a pupil's parents or guardians, in violation of state codes and constitutional provisions which require educational activities to be provided free of charge to all pupils without regard to their families' ability or willingness to pay fees or request special waivers. Educational activities are those offered by a school, school district, charter school, or county office of education that constitute a fundamental part of education, including, but not limited to, curricular and extracurricular activities.

A pupil fee includes, but is not limited to, all of the following:

1. A fee charged to a pupil as a condition for registering for school or classes, or as a condition for participation in a class or an extracurricular activity, regardless of whether the class or activity is elective or compulsory, or is for credit.
2. A security deposit, or other payment, that a pupil is required to make to obtain a lock, locker, book, class apparatus, musical instrument, clothes, or other materials or equipment.

3. A purchase that a pupil is required to make to obtain materials, supplies, equipment, or clothes associated with an educational activity.

(cf. 3260 - Fees and Charges)

(cf. 3320 - Claims and Actions Against the District)

5. The LCAP is an important component of the Local Control Funding Formula (LCFF), the revised school finance system that overhauled how California funds its K-12 schools. Under the LCFF we are required to prepare an LCAP, which describes how we intend to meet annual goals for our pupils, with specific activities to address state and local priorities identified pursuant to Education Code Section 52060(d).

Any complaint alleging district noncompliance with legal requirements related to the implementation of the local control and accountability plan (Education Code 52075)

(cf. 0460 - Local Control and Accountability Plan)

6. Any complaint, by or on behalf of any student who is a foster youth, alleging district noncompliance with any legal requirement applicable to the student regarding placement decisions, the responsibilities of the district's educational liaison to the student, the award of credit for coursework satisfactorily completed in another school or district, school transfer, or the grant of an exemption from Board-imposed graduation requirements (Education Code 48853, 48853.5, 49069.5, 51225.1, 51225.2)

(cf. 6173.1 - Education for Foster Youth)

7. Any complaint, by or on behalf of a homeless student as defined in 42 USC 11434a, alleging district noncompliance with any requirement applicable to the student regarding the award of credit for coursework satisfactorily completed in another school or district or the grant of an exemption from Board-imposed graduation requirements (Education Code 51225.1, 51225.2)

(cf. 6173 - Education for Homeless Children)

8. Any complaint alleging district noncompliance with the requirements of Education Code 51228.1 and 51228.2 that prohibit the assignment of a student to a course without educational content for more than one week in any semester or to a course the student has previously satisfactorily completed, without meeting specified conditions (Education Code 51228.3)

(cf. 6152 - Class Assignment)

9. Any complaint alleging district noncompliance with the physical education instructional minutes requirement for students in elementary school (Education Code 51210, 51223)

(cf. 6142.7 - Physical Education and Activity)

10. Any complaint alleging retaliation against a complainant or other participant in the complaint process or anyone who has acted to uncover or report a violation subject to this policy

11. Any other complaint as specified in a district policy

5 CCR 4631 authorizes the district to utilize alternative dispute resolution (ADR) methods, including mediation, to resolve complaints before initiating a formal investigation. However, the district should ensure that any ADR it uses, particularly "in-person ADR," is appropriate for the particular situation. For example, in some instances (e.g., sexual assault), face-to-face mediation should not be used, even if all parties voluntarily agree, given the risk that a student might feel pressured to "voluntarily" agree to it.

The Board recognizes that alternative dispute resolution (ADR) can, depending on the nature of the allegations, offer a process to reach a resolution to the complaint that is acceptable to all parties. ADR such as mediation may be offered to resolve complaints that involve more than one student and no adult. However, mediation shall not be offered or used to resolve any complaint involving sexual assault or where there is a reasonable risk that a party to the mediation would feel compelled to participate. The Superintendent or designee shall ensure that the use of ADR is consistent with state and federal laws and regulations.

The district shall protect all complainants from retaliation. In investigating complaints, the confidentiality of the parties involved shall be protected as required by law. As appropriate for any complaint alleging retaliation or unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), the Superintendent or designee shall keep confidential the identity of the complainant and/or the subject of the complaint if he/she is different from the complainant, as long as the integrity of the complaint process is maintained.

(cf. 4119.23/4219.23/4319.23 - Unauthorized Release of Confidential/Privileged Information)
(cf. 5125 - Student Records)
(cf. 9011 - Disclosure of Confidential/Privileged Information)

When an allegation that is not subject to the UCP is included in a UCP complaint, the district shall refer the non-UCP allegation to the appropriate staff or agency and shall investigate and, if appropriate, resolve the UCP-related allegation(s) through the district's UCP.

The Superintendent or designee shall provide training to district staff to ensure awareness and knowledge of current law and related requirements, including the steps and timelines specified in this policy and the accompanying administrative regulation.

(cf. 4131 - Staff Development)
(cf. 4231 - Staff Development)
(cf. 4331 - Staff Development)

The Superintendent or designee shall maintain records of all UCP complaints and the investigations of those complaints. All such records shall be destroyed in accordance with applicable state law and district policy.

(cf. 3580 - District Records)

Non-UCP Complaints

The following complaints shall not be subject to the district's UCP but shall be referred to the specified agency: (5 CCR 4611)

1. Any complaint alleging child abuse or neglect shall be referred to the County Department of Social Services, the County Protective Services Division, and the appropriate law enforcement agency.
2. Any complaint alleging health and safety violations by a child development program shall, for licensed facilities, be referred to Department of Social Services and shall, for licensing-exempt facilities, be referred to the appropriate Child Development regional administrator.
3. Any complaint alleging employment discrimination shall be sent to the California Department of Fair Employment and Housing and the compliance officer shall notify the complainant by first class mail of the transfer.
4. Any complaint alleging fraud shall be referred to the California Department of Education.

In addition, the district's Williams Uniform Complaint Procedures, AR 1312.4, shall be used to investigate and resolve any complaint related to sufficiency of textbooks or instructional materials, emergency or urgent facilities conditions that pose a threat to the health or safety of students or staff, or teacher vacancies and misassignments. (Education Code 35186)

The compliance officer who receives a complaint may assign another compliance officer to investigate and resolve the complaint. The compliance officer shall promptly notify the complainant if another compliance officer is assigned to the complaint.

In no instance shall a compliance officer be assigned to a complaint in which he/she has a bias or conflict of interest that would prohibit him/her from fairly investigating or resolving the complaint. Any complaint against or implicating a compliance officer may be filed with the Superintendent or designee.

The Superintendent or designee shall ensure that employees assigned to investigate and resolve complaints receive training and are knowledgeable about the laws and programs at issue in the complaints to which they are assigned. Training provided to such employees shall include current state and federal laws and regulations governing the program, applicable processes for investigating and resolving complaints, including those involving alleged unlawful

discrimination (such as discriminatory harassment, intimidation, or bullying), applicable standards for reaching decisions on complaints, and appropriate corrective measures. Assigned employees may have access to legal counsel as determined by the Superintendent or designee.

(cf. 4331 - Staff Development)

(cf. 9124 - Attorney)

The compliance officer or, if necessary, any appropriate administrator shall determine whether interim measures are necessary during and pending the result of an investigation. If interim measures are determined to be necessary, the compliance officer or the administrator shall consult with the Superintendent, the Superintendent's designee, or, if appropriate, the site principal to implement, if possible, one or more interim measures. The interim measures may remain in place until the compliance officer determines that they are no longer necessary or until the district issues its final written decision, whichever occurs first.

Notifications

The district's UCP policy and administrative regulation shall be posted in all district schools and offices, including staff lounges and student government meeting rooms. (Education Code 234.1)

The Superintendent or designee shall annually provide written notification of the district's UCP, including information regarding unlawful student fees, local control and accountability plan (LCAP) requirements, and requirements related to the educational rights of foster youth and homeless students, to students, employees, parents/guardians, the district advisory committee, school advisory committees, appropriate private school officials or representatives, and other interested parties. The Superintendent or designee shall ensure that all students and parents/guardians, including students and parents/guardians with limited English proficiency, have access to the relevant information provided in the district's policy, regulation, forms, and notices concerning the UCP.

If 15 percent or more of students enrolled in a particular district school speak a single primary language other than English, the district's policy, regulation, forms, and notices concerning the UCP shall be translated into that language, in accordance with Education Code 234.1 and 48985. In all other instances, the district shall ensure meaningful access to all relevant UCP information for parents/guardians with limited English proficiency.

The notice shall:

1. Identify the person(s), position(s), or unit(s) responsible for receiving complaints
2. Advise the complainant of any civil law remedies that may be available to him/her under state or federal antidiscrimination laws, if applicable
3. Advise the complainant of the appeal process, including, if applicable, the complainant's right to take a complaint directly to the California Department of Education (CDE) or to pursue remedies before civil courts or other public agencies, such as the U.S. Department of Education's Office for Civil Rights (OCR) in cases involving unlawful discrimination (such as discriminatory harassment, intimidation, or bullying).
4. Include statements that:
 - a. The district has the primary responsibility to ensure compliance with applicable state and federal laws and regulations governing educational programs.
 - b. The complaint review shall be completed within 60 calendar days from the date of receipt of the complaint unless the complainant agrees in writing to an extension of the timeline.
 - c. A complaint alleging retaliation or unlawful discrimination (such as discriminatory harassment, intimidation, or bullying) must be filed not later than six months from the date it occurred, or six months from the date the complainant first obtained knowledge of the facts of the alleged unlawful discrimination. The time for filing may be extended for up to 90 days by the Superintendent or designee for good cause upon written request by the complainant setting forth the reasons for the extension.
 - d. A student enrolled in a public school shall not be required to pay a fee for his/her participation in an educational activity that constitutes an integral fundamental part of the district's educational program, including curricular and extracurricular activities.
 - e. The Board is required to adopt and annually update the LCAP in a manner that includes meaningful engagement of parents/guardians, students, and other stakeholders in the development and/or review of the LCAP.
 - f. A foster youth shall receive information about educational rights related to his/her educational placement, enrollment in and checkout from school, as well as the responsibilities of the district liaison for foster youth to ensure and facilitate these requirements and to assist the

student in ensuring proper transfer of his/her credits, records, and grades when he/she transfers between schools or between the district and another district.

g. A foster youth or homeless student who transfers into a district high school or between district high schools shall be notified of the district's responsibility to:

(1) Accept any coursework or part of the coursework that the student has satisfactorily completed in another public school, juvenile court school, or a nonpublic, nonsectarian school or agency, and to issue full or partial credit for the coursework completed

(2) Not require the student to retake any course or a portion of a course which he/she has satisfactorily completed in another public school, juvenile court school, or a nonpublic, nonsectarian school or agency

(3) If the student has completed his/her second year of high school before the transfer, provide the student information about district-adopted coursework and Board-imposed graduation requirements from which he/she may be exempted pursuant to Education Code 51225.1

h. The complainant has a right to appeal the district's decision to the CDE by filing a written appeal within 15 calendar days of receiving the district's decision.

i. The appeal to the CDE must include a copy of the complaint filed with the district and a copy of the district's decision.

j. Copies of the district's UCP are available free of charge.

District Responsibilities

All UCP-related complaints shall be investigated and resolved within 60 calendar days of the district's receipt of the complaint unless the complainant agrees in writing to an extension of the timeline. (5 CCR 4631)

The compliance officer shall maintain a record of each complaint and subsequent related actions, including steps taken during the investigation and all information required for compliance with 5 CCR 4631 and 4633.

All parties involved in the allegations shall be notified when a complaint is filed and when a decision or ruling is made. However, the compliance officer shall keep all complaints or allegations of retaliation or unlawful discrimination (such as discriminatory harassment, intimidation, or bullying) confidential except when disclosure is necessary to carry out the investigation, take subsequent corrective action, conduct ongoing monitoring, or maintain the integrity of the process. (5 CCR 4630, 4964)

Filing of Complaints

The complaint shall be presented to the compliance officer who shall maintain a log of

complaints received, providing each with a code number and a date stamp.

All complaints shall be filed in accordance with the following:

1. A written complaint alleging district violation of applicable state or federal law or regulations governing adult education programs, consolidated categorical aid programs, migrant education, career technical and technical education and training programs, child care and development programs, child nutrition programs, and special education programs may be filed by any individual, public agency, or organization. (5 CCR 4630)
2. Any complaint alleging noncompliance with law regarding the prohibition against requiring students to pay student fees, deposits, and charges or any requirement related to the LCAP may be filed anonymously if the complaint provides evidence, or information leading to evidence, to support an allegation of noncompliance. A complaint about a violation of the prohibition against the charging of unlawful student fees may be filed with the principal of the school. However, any such complaint shall be filed no later than one year from the date the alleged violation occurred. (Education Code 49013, 52075; 5 CCR 4630)
3. A complaint alleging unlawful discrimination (such as discriminatory harassment, intimidation, or bullying) may be filed only by a person who alleges that he/she personally suffered the unlawful discrimination or by a person who believes that an individual or any specific class of individuals has been subjected to it. The complaint shall be initiated no later than six months from the date when the alleged unlawful discrimination occurred, or six months from the date when the complainant first obtained knowledge of the facts of the alleged unlawful discrimination. The time for filing may be extended for up to 90 days by the Superintendent or designee for good cause upon written request by the complainant setting forth the reasons for the extension. (5 CCR 4630)
4. When a complaint alleging unlawful discrimination (such as discriminatory harassment, intimidation, or bullying) is filed anonymously, the compliance officer shall pursue an investigation or other response as appropriate, depending on the specificity and reliability of the information provided and the seriousness of the allegation.
5. When the complainant or alleged victim of unlawful discrimination (such as discriminatory harassment, intimidation, or bullying) requests confidentiality, the compliance officer shall inform him/her that the request may limit the district's ability to investigate the conduct or take other necessary action. When honoring a request for confidentiality, the district shall nevertheless take all reasonable steps to investigate and resolve/respond to the complaint consistent with the request.
6. If a complainant is unable to put a complaint in writing due to conditions such as a disability or illiteracy, district staff shall assist him/her in the filing of the complaint. (5 CCR 4600)

Mediation

Within three business days after the compliance officer receives the complaint, he/she may informally discuss with all the parties the possibility of using mediation. Mediation shall be offered to resolve complaints that involve more than one student and no adult. However, mediation shall not be offered or used to resolve any complaint involving an allegation of sexual assault or where there is a reasonable risk that a party to the mediation would feel compelled to participate. If the parties agree to mediation, the compliance officer shall make all arrangements for this process.

Before initiating the mediation of a complaint alleging retaliation or unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), the compliance officer shall ensure that all parties agree to make the mediator a party to relevant confidential information. The compliance officer shall also notify all parties of the right to end the informal process at any time.

If the mediation process does not resolve the problem within the parameters of law, the compliance officer shall proceed with his/her investigation of the complaint.

The use of mediation shall not extend the district's timelines for investigating and resolving the complaint unless the complainant agrees in writing to such an extension of time. If mediation is successful and the complaint is withdrawn, then the district shall take only the actions agreed to through the mediation. If mediation is unsuccessful, the district shall then continue with subsequent steps specified in this administrative regulation.

Investigation of Complaint

Within 10 business days after the compliance officer receives the complaint, the compliance officer shall begin an investigation into the complaint.

Within one business day of initiating the investigation, the compliance officer shall provide the complainant and/or his/her representative with the opportunity to present the information contained in the complaint to the compliance officer and shall notify the complainant and/or his/her representative of the opportunity to present the compliance officer with any evidence, or information leading to evidence, to support the allegations in the complaint. Such evidence or information may be presented at any time during the investigation.

In conducting the investigation, the compliance officer shall collect all available documents and review all available records, notes, or statements related to the complaint, including any additional evidence or information received from the parties during the course of the investigation. He/she shall individually interview all available witnesses with information pertinent to the complaint, and may visit any reasonably accessible location where the relevant actions are alleged to have taken place. To investigate a complaint alleging retaliation or unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), the compliance officer shall interview the alleged victim(s), any alleged offenders, and other relevant witnesses privately, separately, and in a confidential manner. As necessary, additional staff or

legal counsel may conduct or support the investigation.

A complainant's refusal to provide the district's investigator with documents or other evidence related to the allegations in the complaint, failure or refusal to cooperate in the investigation, or engagement in any other obstruction of the investigation may result in the dismissal of the complaint because of a lack of evidence to support the allegation. (5 CCR 4631)

In accordance with law, the district shall provide the investigator with access to records and other information related to the allegation in the complaint and shall not in any way obstruct the investigation. Failure or refusal of the district to cooperate in the investigation may result in a finding based on evidence collected that a violation has occurred and in the imposition of a remedy in favor of the complainant. (5 CCR 4631)

The compliance officer shall apply a "preponderance of the evidence" standard in determining the veracity of the factual allegations in a complaint. This standard is met if the allegation is more likely to be true than not.

Report of Findings

Unless extended by written agreement with the complainant, the compliance officer shall prepare and send to the complainant a written report, as described in the section "Final Written Decision" below, within 60 calendar days of the district's receipt of the complaint. (5 CCR 4631)

Final Written Decision

The district's decision on how it will resolve the complaint shall be in writing and shall be sent to the complainant. (5 CCR 4631)

In consultation with district legal counsel, information about the relevant part of a decision may be communicated to a victim who is not the complainant and to other parties who may be involved in implementing the decision or are affected by the complaint, as long as the privacy of the parties is protected.

If the complaint involves a limited-English-proficient student or parent/guardian and the student involved attends a school at which 15 percent or more of the students speak a single primary language other than English, then the decision shall also be translated into that language. In all other instances, the district shall ensure meaningful access to all relevant information for parents/guardians with limited English proficiency.

For all complaints, the decision shall include: (5 CCR 4631)

1. The findings of fact based on the evidence gathered. In reaching a factual determination, the following factors may be taken into account:
 - a. Statements made by any witnesses

- b. The relative credibility of the individuals involved
 - c. How the complaining individual reacted to the incident
 - d. Any documentary or other evidence relating to the alleged conduct
 - e. Past instances of similar conduct by any alleged offenders
 - f. Past false allegations made by the complainant
2. The conclusion(s) of law
 3. Disposition of the complaint
 4. Rationale for such disposition

For complaints of retaliation or unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), the disposition of the complaint shall include a determination for each allegation as to whether retaliation or unlawful discrimination has occurred.

The determination of whether a hostile environment exists may involve consideration of the following:

- a. How the misconduct affected one or more students' education
 - b. The type, frequency, and duration of the misconduct
 - c. The relationship between the alleged victim(s) and offender(s)
 - d. The number of persons engaged in the conduct and at whom the conduct was directed
 - e. The size of the school, location of the incidents, and context in which they occurred
 - f. Other incidents at the school involving different individuals
5. Corrective action(s), including any actions that have been taken or will be taken to address the allegations in the complaint and including, with respect to a student fees complaint, a remedy that comports with Education Code 49013 and 5 CCR 4600

For complaints of unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), the decision may, as required by law, include:

- a. The corrective actions imposed on the individual found to have engaged in the conduct that relate directly to the subject of the complaint
- b. Individual remedies offered or provided to the complainant or another person who was

the subject of the complaint

c. Systemic measures the school has taken to eliminate a hostile environment and prevent recurrence

6. Notice of the complainant's right to appeal the district's decision to the CDE within 15 calendar days, and procedures to be followed for initiating such an appeal

The decision may also include follow-up procedures to prevent recurrence or retaliation and for reporting any subsequent problems.

For complaints alleging unlawful discrimination based on state law (such as discriminatory harassment, intimidation, and bullying), the decision shall also include a notice to the complainant that:

1. He/she may pursue available civil law remedies outside of the district's complaint procedures, including seeking assistance from mediation centers or public/private interest attorneys, 60 calendar days after the filing of an appeal with the CDE. (Education Code 262.3)

2. The 60 days moratorium does not apply to complaints seeking injunctive relief in state courts or to discrimination complaints based on federal law. (Education Code 262.3)

3. Complaints alleging discrimination based on race, color, national origin, sex, gender, disability, or age may also be filed with the U.S. Department of Education, Office for Civil Rights at www.ed.gov/ocr within 180 days of the alleged discrimination.

Corrective Actions

When a complaint is found to have merit, the compliance officer shall adopt any appropriate corrective action permitted by law. Appropriate corrective actions that focus on the larger school or district environment may include, but are not limited to, actions to reinforce district policies; training for faculty, staff, and students; updates to school policies; or school climate surveys.

For complaints involving retaliation or unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), appropriate corrective actions that focus on the victim may include, but are not limited to, the following:

1. Counseling

2. Academic support

3. Health services

4. Assignment of an escort to allow the victim to move safely about campus

5. Information regarding available resources and how to report similar incidents or

retaliation

6. Separation of the victim from any other individuals involved, provided the separation does not penalize the victim
7. Restorative justice
8. Follow-up inquiries to ensure that the conduct has stopped and there has been no retaliation
9. Determination of whether any past actions of the victim that resulted in discipline were related to the treatment the victim received and described in the complaint

For complaints involving retaliation or unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), appropriate corrective actions that focus on a student offender may include, but are not limited to, the following:

1. Transfer from a class or school as permitted by law
2. Parent/guardian conference
3. Education regarding the impact of the conduct on others
4. Positive behavior support
5. Referral to a student success team
6. Denial of participation in extracurricular or co-curricular activities or other privileges as permitted by law
7. Disciplinary action, such as suspension or expulsion, as permitted by law

The district may also consider training and other interventions for the larger school community to ensure that students, staff, and parents/guardians understand the types of behavior that constitute unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), that the district does not tolerate it, and how to report and respond to it.

If a complaint alleging noncompliance with the laws regarding student fees, deposits, and other charges, physical education instructional minutes for students in elementary schools, or any requirement related to the LCAP is found to have merit, the district shall provide a remedy to all affected students and parents/guardians subject to procedures established by regulation of the State Board of Education. (Education Code 49013, 51223, 52075)

For complaints alleging noncompliance with the laws regarding student fees, the district shall attempt in good faith, by engaging in reasonable efforts, to identify and fully reimburse all

affected students and parents/guardians who paid the unlawful student fees within one year prior to the filing of the complaint. (Education Code 49013; 5 CCR 4600)

Appeals to the California Department of Education

Any complainant who is dissatisfied with the district's final written decision may file an appeal in writing with the CDE within 15 calendar days of receiving the district's decision. (Education Code 222, 48853, 48853.5, 49013, 49069.5, 51223, 51225.1, 51225.2, 51228.3, 52075; 5 CCR 4632)

The complainant shall specify the basis for the appeal of the decision and whether the facts are incorrect and/or the law has been misapplied. The appeal shall be accompanied by a copy of the locally filed complaint and a copy of the district's decision. (5 CCR 4632)

Upon notification by the CDE that the complainant has appealed the district's decision, the Superintendent or designee shall forward the following documents to the CDE: (5 CCR 4633)

1. A copy of the original complaint
2. A copy of the written decision
3. A summary of the nature and extent of the investigation conducted by the district, if not covered by the decision
4. A copy of the investigation file including, but not limited to, all notes, interviews, and documents submitted by the parties and gathered by the investigator
5. A report of any action taken to resolve the complaint
6. A copy of the district's uniform complaint procedures
7. Other relevant information requested by the CDE

- (cf. 7150 - Site Selection and Development)

Indoor Air Quality

In order to provide proper ventilation, humidity, and temperature in school facilities and to reduce indoor air contaminants, the Superintendent or designee shall ensure that the following strategies are implemented:

1. Mechanically driven heating, ventilation, and air conditioning systems shall be operated continuously during working hours except under the circumstances specified in 8 CCR 5142. The systems shall be inspected at least annually and problems corrected within a reasonable time. Where the air supply is filtered, the filters shall be replaced or cleaned regularly to prevent significant reductions in airflow. Documentation of inspections, tests of ventilation rates, and maintenance shall be retained for at least five years. (8 CCR 5142-5143)

(cf. 3580 - District Records)

Staff shall ensure that airflow is not obstructed by the blocking of ventilators with posters, furniture, books, or other obstacles.

2. School facilities shall be regularly inspected for water damage, spills, leaks in plumbing and roofs, poor drainage, and improper ventilation so as to preclude the buildup of mold and mildew. Wet building materials and furnishings shall be dried within 48 hours if possible to prevent mold growth. When evidence of mold or mildew is found, maintenance staff shall locate and repair the source of water intrusion and remove or clean moldy materials.

3. Exterior wall and foundation cracks and openings shall be sealed as soon as possible to minimize seepage of radon into buildings from surrounding soils.

4. Least toxic pest management practices shall be used to control and manage pests at school sites.

(cf. 3514.2 - Integrated Pest Management)

5. In any new school construction, and in all existing schools when feasible, the Superintendent or designee shall install a carbon monoxide detector in each school building that contains a fossil fuel burning furnace. The device shall be placed in close proximity to the furnace in order to accurately detect any leakage of carbon monoxide.

6. Schedules and practices for routine housekeeping and maintenance shall be designed to effectively reduce levels of dust, dirt, and debris. Plain water, soap and water, or low-emission cleaning products shall be used whenever possible. Aerosols, including air fresheners and other products containing ozone, shall be avoided to the extent possible.

(cf. 5141.23 - Asthma Management)

7. Painting of school facilities and maintenance or repair duties that require the use of potentially harmful substances shall be limited to those times when school is not in session. Following any such activity, the facility shall be properly ventilated with adequate time allowed prior to reopening for use by any person.

8. Paints, adhesives, and solvents shall be used and stored in well-ventilated areas. These items shall be purchased in small quantities to avoid storage exposure.

(cf. 3514.1 - Hazardous Substances)

(cf. 6161.3 - Toxic Art Supplies)

9. To the extent possible, printing and duplicating equipment that may generate indoor air pollutants, such as methyl alcohol or ammonia, shall be placed in locations that are well ventilated and not frequented by students and staff.

10. The district's tobacco-free schools policy shall be consistently enforced in order to reduce the health risks caused by second-hand smoke.

(cf. 3513.3 - Tobacco-Free Schools)

11. Staff and students shall be asked to refrain from bringing common irritants such as furred or feathered animals, stuffed toys that may collect dust mites, scented candles, incense, or air fresheners and from using perfume or cologne, scented lotion or hair spray, nail polish or nail polish remover, or other personal care products that are not fragrance-free in classrooms or other enclosed areas or buildings.

(cf. 6163.2 - Animals at School)

Outdoor Air Quality

The Superintendent or designee may monitor local health advisories and outdoor air quality alerts, including forecasts of ozone levels, particle pollution, and/or ultraviolet radiation levels.

Whenever these measures indicate a significant health risk, the Superintendent or designee shall communicate with each principal so that outdoor activities, especially those requiring prolonged or heavy exertion, may be avoided, limited in duration, or modified as necessary for all persons or for persons who may be particularly susceptible to the health risk involved.

(cf. 6142.7 - Physical Education and Activity)
(cf. 6145 - Extracurricular and Cocurricular Activities)
(cf. 6145.2 - Athletic Competition)

Vehicle Emissions

In order to reduce public exposure to toxic air contaminants, school bus drivers and other drivers of commercial motor vehicles shall limit unnecessary idling of vehicles at or near schools in accordance with 13 CCR 2480.

(cf. 3540 - Transportation)
(cf. 3541.1 - Transportation for School-Related Trips)
(cf. 3542 - School Bus Drivers)

Any diesel-fueled school bus with a gross vehicle weight rating over 14,000 pounds manufactured on or after April 1, 1977 shall be equipped with a particulate filter designed to reduce particulate matter emissions, oxides of nitrogen emissions, and other pollutants. (13 CCR 2025)

Drinking Water

The quality and safety of the district's drinking water sources shall be regularly assessed.

Whenever testing of drinking water finds concentrations of lead that exceed federal and state standards in 40 CFR 141.80 and 22 CCR 64678, water outlets shall be flushed thoroughly each day before use or made inoperable until a plan for remediation can be implemented.

Whenever levels of arsenic, bacteria, or other contaminants in the drinking water are determined to be a concern, the Superintendent or designee may recommend basic filtration or pipe flushing when feasible.

Until drinking water is assured to be safe, the Superintendent or designee may explore alternatives, such as bottled water, to ensure that students have access to fresh drinking water at mealtimes and at other times throughout the day. As needed, he/she also may encourage

appropriate governmental agencies to conduct regular testing of the water quality in district schools and to implement strategies to improve water quality in the community.

(cf. 3550 - Food Service/Child Nutrition Program)

Drinking fountains in district schools shall be regularly cleaned and maintained to avoid the presence of dirt, mold, or other impurities or health concerns.

Lead Exposure

In addition to keeping school facilities as dust-free and clean as possible, the following steps shall be taken to minimize potential exposure to lead in school facilities:

1. Lead-based paint, lead plumbing and solders, or other potential sources of lead contamination shall not be used in the construction of any new school facility or the modernization or renovation of any existing school facility. (Education Code 32244)
2. Lead exposure hazards shall be evaluated before any renovation or remodeling is begun, and children shall not be allowed in or near buildings in which these activities may create lead dust. Contractors and workers shall comply with state and federal standards related to the handling and disposal of lead debris and the clean-up and containment of dust within the construction area.
3. Lead-based painted surfaces that are in good condition shall be kept intact. If lead-based paint is peeling, flaking, or chalking, contractors or workers shall follow state and federal standards for safe work practices to minimize contamination when removing the paint.
4. Soil with high lead content may be covered with grass, other plantings, concrete, or asphalt.
5. Drinking water shall be regularly tested for lead and remediated as provided in the section "Drinking Water" above.

Any action to abate existing lead hazards, excluding containment or cleaning, shall be taken only by contractors, inspectors, and workers certified by the California Department of Public Health in accordance with 17 CCR 35001-35099. (Education Code 32243)

Mercury Exposure

The Superintendent or designee shall identify any products containing mercury that are present in district facilities and, to the extent possible, shall replace them with mercury-free alternatives.

Staff shall receive information about proper procedures to follow in the event of a mercury spill. Clean-up instructions, a clearly labeled kit with necessary clean-up supplies, and a list of local resources shall be readily accessible.

In the event of a spill, staff shall evacuate all students from the immediate area of the spill, ensure that any clothing or other items with mercury on them remain in the room, open windows to the outside, and close doors to other parts of the school. Staff who are trained in proper clean-up procedures may carefully clean a small spill. As needed for larger or difficult-to-clean spills, the Superintendent or designee shall use an experienced professional referred by the local health department or environmental agency.

Any products containing mercury shall be properly disposed at an appropriate hazardous waste collection facility.

Administrative Regulation

AR 3514.1 Hazardous Substances

Hazardous substance means a substance, material, or mixture which is likely to cause illness or injury by reason of being explosive, flammable, poisonous, corrosive, oxidizing, an irritant, or otherwise harmful. Hazardous substances, as identified by the Department of Industrial Relations, are listed in 8 CCR 339. (8 CCR 339, 5161)

Storage and Disposal of Chemicals

The Superintendent or designee shall adopt measures to ensure that hazardous substances on any district property are stored and disposed of properly in accordance with law. Such measures shall include, but are not limited to, the following: (8 CCR 5164)

1. Substances which react violently or evolve toxic vapors or gases when mixed, or which in combination become toxic, flammable, explosive, or otherwise hazardous, shall be separated from each other in storage by distance, partitions, secondary containment, or otherwise so as to preclude accidental contact between them.
2. Hazardous substances shall be stored in containers which are chemically inert to and appropriate for the type and quantity of the hazardous substance.
3. Containers of hazardous substances shall not be stored in such locations or manner as to result in physical damage to or deterioration of the container or where they are exposed to heat sufficient to rupture the container or to cause leakage.
4. Containers used to package a substance which gives off toxic, poisonous, corrosive, asphyxiant, suffocant, or anesthetic fumes, gases, or vapors in hazardous amounts, excluding small quantities of such materials kept in closed containers or materials kept in tank cars or trucks, shall not be stored in locations where it could be reasonably anticipated that persons would be exposed.

(cf. 3514 - Environmental Safety)

The Superintendent or designee shall regularly remove and dispose of all chemicals whose estimated shelf life has elapsed. (Education Code 49411)

Hazard Communication Program

The district's written hazard communication program shall include at least the components listed below and shall be available upon request to all employees and their designated representatives. The program shall apply to any hazardous substance which is known to be present in the workplace in such a manner that employees may be exposed under normal conditions of use or in a reasonably foreseeable emergency resulting from workplace operations. (8 CCR 5194)

1. Container Labeling

No container of hazardous substance, unless exempted by law, shall be accepted by the district or any district school unless labeled, tagged, or marked by the supplier with the identity of the hazardous substance, hazard warning statements, and the name and address of the chemical manufacturer or importer. No label on an incoming container shall be removed or intentionally defaced unless the container is immediately marked with the required information.

Whenever hazardous substances are transferred from their original containers to other containers, the secondary containers shall likewise be labeled with the identity and hazard warning statement, unless the substances are intended only for the immediate use of the employee who performs the transfer.

2. Safety Data Sheets

Upon receiving a hazardous substance or mixture, the Superintendent or designee shall ensure that the manufacturer or importer has furnished a safety data sheet (SDS) as required by law. If the SDS is missing or obviously incomplete, the Superintendent or designee shall, within seven working days of noting the missing or incomplete information, request a new SDS from the manufacturer or importer. If a response is not received within 25 working days, the Superintendent or designee shall send a copy of the district's written inquiry to the California Occupational Safety and Health Division (Cal/OSHA). (8 CCR 5194)

The Superintendent or designee shall maintain the required SDS for each hazardous substance in the workplace and shall ensure that it is readily accessible to employees in their work area during working hours. The SDS may be maintained in paper copy, electronically, or through other means, provided that employees have immediate access and understand how to use the alternative system.

3. Employee Information and Training

Employees shall receive information and training on hazardous substances in their work area at the time of their initial assignment and whenever a new hazard is introduced into their work area. The information and training shall include, but are not limited to, the following topics: (8 CCR 5194)

- a. The requirements of 8 CCR 5194, including employee rights described therein
- b. The location and availability of the district's written hazard communication program, including the list of hazardous materials and all SDS
- c. Any operations in the work area where hazardous substances are present
- d. The physical and health effects of the hazardous substances in the work area
- e. Methods and observations that may be used to detect the presence or release of hazardous

substances in the work area

f. Measures that employees can take to protect themselves from exposure to hazardous substances, including specific procedures the district has implemented to protect employees, such as appropriate work practices, emergency procedures, and personal protective equipment to be used

g. How to read and use the labels and SDS

(cf. 4112.9/4212.9/4312.9 - Employee Notifications)

(cf. 4131 - Staff Development)

(cf. 4231 - Staff Development)

(cf. 4331 - Staff Development)

4. List of Hazardous Substances

The written hazard communication program shall include a list of the hazardous substances known to be present in the workplace as a whole or for individual work areas. (8 CCR 5194)

5. Hazardous Nonroutine Tasks

When employees are required to perform hazardous nonroutine tasks or to work on unlabeled pipes that contain hazards, they shall first receive information about the specific hazards to which they may be exposed during this activity and the protective/safety measures which must be used, such as ventilation, respirators, other personal protective equipment, and/or the presence of another employee. They shall also receive information about emergency procedures to follow if accidentally exposed to the hazardous substance.

6. Information to Contractors

To ensure that outside contractors and their employees work safely in district facilities, the Superintendent or designee shall inform contractors of hazardous substances which are present on the site and precautions that they may take to lessen the possibility of exposure. It shall be the contractor's responsibility to disseminate this information to his/her employees and subcontractors.

Chemical Hygiene Plan

The district's chemical hygiene plan shall address exposure to hazardous chemicals in school laboratories and shall include the following components: (8 CCR 5191)

1. Standard operating procedures relevant to safety and health considerations to be followed when laboratory work involves the use of hazardous chemicals

2. Criteria that the district will use to determine and implement control measures to reduce exposure to hazardous chemicals, including engineering controls, the use of personal protective

equipment, and hygiene practices

3. A requirement that protective equipment comply with state regulations and that specific measures be taken to ensure proper and adequate performance of such equipment
4. Provision of specified information at the time of an employee's initial assignment to a work area where hazardous chemicals are present and prior to assignments involving new exposure situations
5. Provision of specified employee training in accordance with the schedule determined by the Superintendent or designee
6. The circumstances under which a particular laboratory operation, procedure, or activity shall require prior approval of the Superintendent or designee before implementation
7. Provisions for medical consultations and examinations whenever there is evidence, as specified, that the employee may have been exposed to a hazardous chemical
8. Designation of an employee, who is qualified by training or experience, to serve as the district's chemical hygiene officer to provide technical guidance in the development and implementation of the chemical hygiene plan
9. Provisions for additional employee protection for work with particularly hazardous substances, as specified

The plan shall be readily available to employees and employee representatives, and, upon request, to Cal/OSHA. (8 CCR 5191)

The Superintendent or designee shall review and evaluate the effectiveness of the chemical hygiene plan at least annually and shall update it as necessary. (8 CCR 5191)

Administrative Regulation

AR 3514.2 Integrated Pest Management

The Superintendent or designee shall designate an employee at the district office and/or school site to develop, implement, and coordinate an integrated pest management (IPM) program that incorporates effective, least toxic pest management practices. The IPM coordinator shall prepare and regularly update a districtwide or school site IPM plan based on the template provided by the California Department of Pesticide Regulation (DPR).

Integrated pest management means a strategy that focuses on long-term prevention or suppression of pest problems through a combination of techniques such as monitoring for pest presence and establishing treatment threshold levels, using nonchemical practices to make the habitat less conducive to pest development, improving sanitation, and employing mechanical and physical controls. Pesticides that pose the least possible hazard and are effective in a manner that minimizes risks to people, property, and the environment are used only after careful monitoring indicates they are needed according to pre-established guidelines and treatment thresholds. (Education Code 17609; Food and Agricultural Code 13181)

The IPM plan and this administrative regulation shall not apply to reduced-risk pesticides, including self-contained baits or traps, gels or pastes used for crack and crevice treatments, antimicrobials, and pesticides exempt from registration by law. (Education Code 17610.5; 3 CCR 6147)

The IPM coordinator shall not use any pesticide that is prohibited by DPR or the U.S. Environmental Protection Agency, as listed on the DPR web site. (Education Code 17610.1)

Program Components

The district's program shall include, but not necessarily be limited to, the following components:

1. Identifying and monitoring pest population levels and identifying practices that could affect pest populations. Strategies for managing the pest shall be influenced by the pest species and whether that species poses a threat to people, property, or the environment.
2. Setting action threshold levels to determine when pest populations or vegetation at a specific location might cause unacceptable health or economic hazards that would indicate corrective action should be taken.
3. Modifying or eliminating pest habitats to deter pest populations and minimize pest infestations.
4. Considering a full range of possible alternative cost-effective treatments. Such alternative treatments may include taking no action or controlling the pest by physical, horticultural, or biological methods. Cost or staffing considerations alone will not be adequate justification for the use of chemical control agents.

5. Selecting nonchemical pest management methods over chemical methods whenever such methods are effective in providing the desired control or, when it is determined that chemical methods must be used, giving preference to those chemicals that pose the least hazardous effects to people and the environment.

6. Limiting pesticide purchases to amounts needed for the year. Pesticides shall be stored at a secure location that is not accessible to students and unauthorized staff. They shall be stored and disposed of in accordance with state regulations and label directions registered with the EPA as well as any disposal requirements indicated on the product label.

(cf. 3514 - Environmental Safety)
(cf. 3514.1 - Hazardous Substances)

7. Informing parents/guardians and employees regarding pesticide use as described in the sections "Notifications" and "Warning Signs" below.

8. Ensuring that persons applying pesticides follow label precautions and are sufficiently trained in the principles and practices of IPM.

(cf. 4231 - Staff Development)

Beginning July 1, 2016, the IPM coordinator and any employee or contractor who intends to apply a pesticide at a school site shall annually complete a DPR-approved training course on IPM and the safe use of pesticides in relation to the unique nature of school sites and children's health. (Education Code 17614; Food and Agricultural Code 13186.5)

Notifications

Staff and parents/guardians of students enrolled at a school site shall be annually notified, in writing, regarding pesticide products expected to be applied at the school site in the upcoming year. The notification shall include at least the following: (Education Code 17612)

1. The name of each pesticide product expected to be applied in the upcoming year and the active ingredient(s) in it
2. The Internet address (<https://www.cdpr.ca.gov/schoolipm>) used to access information on pesticides and pesticide use reduction developed by the DPR pursuant to Food and Agricultural Code 13184
3. If the school has posted its IPM plan, the Internet address where the plan may be found
4. The opportunity to view a copy of the IPM plan in the school office
5. An opportunity for interested persons to register to receive prior notification of each application of a pesticide at the school site

6. Other information deemed necessary by the IPM coordinator

(cf. 1312.4 - Williams Uniform Complaint Procedures)

(cf. 3517 - Facilities Inspection)

(cf. 4112.9/4212.9/4312.9 - Employee Notifications)

(cf. 5145.6 - Parental Notifications)

Whenever a person registers to receive notice of individual pesticide application pursuant to item #5 above, the IPM coordinator shall notify such registered persons of individual pesticide applications at least 72 hours prior to the application. The notice shall include the product name, the active ingredient(s) in the product, and the intended date of application. (Education Code 17612)

If a pesticide product not included in the annual notification is subsequently intended for use at a school site, the IPM coordinator shall provide written notification of its intended use to staff and parents/guardians of students enrolled at the school, at least 72 hours prior to the application. (Education Code 17612)

If a school chooses to use a pesticide not exempted pursuant to Education Code 17610.5, it shall post the school or district IPM plan on the school's web site or, if the school does not have a web site, then on the district web site. If neither the school nor district has a web site, then the IPM plan shall be included with the annual notification sent to staff and parents/guardians pursuant to Education Code 17612 as described above. The plan shall include the name of the school designee or IPM coordinator, the pesticides applied at the school site by school or district employees and hired pest control applicators, and a date when the plan shall be reviewed and updated as necessary. When not required, the IPM coordinator may post or distribute the IPM plan at his/her discretion. (Education Code 17611.5)

Whenever the IPM coordinator deems that the immediate use of a pesticide is necessary to protect the health and safety of students, staff, or other persons at the school site, he/she shall make every effort to provide the required notifications prior to the application of the pesticide. (Education Code 17612)

Warning Signs

The IPM coordinator shall post a warning sign at each area of the school site where pesticides will be applied that shall be visible to all persons entering the treated area. The sign shall be posted at least 24 hours prior to the application and shall remain posted until 72 hours after the application. The warning sign shall prominently display the following information: (Education Code 17612)

1. The term "Warning/Pesticide Treated Area"
2. The product name, manufacturer's name, and the EPA's product registration number

3. Intended areas and dates of application
4. Reason for the pesticide application

When advance posting is not possible due to an emergency condition requiring immediate use of a pesticide, the warning sign shall be posted immediately upon application and shall remain posted until 72 hours after the application. (Education Code 17609, 17612)

Records

At the end of each calendar year, the IPM coordinator shall submit to the DPR, on a form provided by the DPR, a copy of the records of all pesticide use at the school site for that year, excluding any pesticides exempted by law and any pesticide use reported by the pest control operator pursuant to Food and Agricultural Code 13186. The IPM coordinator may submit more frequent reports at his/her discretion. (Education Code 17611)

Each school site shall maintain records of all pesticide use at the school for four years, and shall make the information available to the public, upon request, in accordance with the California Public Records Act. Such records may be maintained by retaining a copy of the warning sign posted for each pesticide application with a recording on that copy of the amount of the pesticide used. (Education Code 17611)

Board Policy

BP 4030 Nondiscrimination In Employment

Personnel

The Governing Board is determined to provide district employees and job applicants a safe, positive environment where they are assured of full and equal employment access and opportunities, protection from harassment or intimidation, and freedom from any fear of reprisal or retribution for asserting their employment rights in accordance with law. The Board prohibits district employees from discriminating against or harassing any other district employee or job applicant on the basis of the person's actual or perceived race, religious creed, color, national origin, ancestry, age, marital status, pregnancy, physical or mental disability, medical condition, genetic information, military and veteran status, gender, gender identity, gender expression, sex, or sexual orientation.

(cf. 0410 - Nondiscrimination in District Programs and Activities)
(cf. 4119.41/4219.41/4319.41 - Employees with Infectious Disease)

The Board also prohibits discrimination against any employee or job applicant in compensation, terms, conditions, and other privileges of employment and the taking of any adverse employment action, including, but not limited to, termination or the denial of employment, promotion, job assignment, or training, against an employee or job applicant based on any of the categories listed above.

(cf. 4032 - Reasonable Accommodation)
(cf. 4154/4254/4354 - Health and Welfare Benefits)

Prohibited discrimination on the basis of religious creed includes discrimination based on an employee's or job applicant's religious belief or observance, including his/her religious dress or grooming practices. In accordance with Government Code 12940, prohibited discrimination on the basis of religious creed also includes the district's failure or refusal to use reasonable means to accommodate an employee's or job applicant's religious belief, observance, or practice which conflicts with an employment requirement. However, the district shall not accommodate an employee's religious dress practice or religious grooming practice if it requires segregation of the individual from other employees or the public or if it would result in a violation of this policy or any law prohibiting discrimination.

Prohibited sex discrimination includes discrimination based on an employee's or job applicant's pregnancy, childbirth, breastfeeding, or any related medical condition.

(cf. 4033 - Lactation Accommodation)

Harassment consists of unwelcome verbal, physical, or visual conduct that is based on any of the prohibited categories of discrimination listed above and that is so severe or pervasive that it adversely affects an individual's employment opportunities, has the purpose or effect of

unreasonably interfering with the individual's work performance, or creates an intimidating, hostile, or offensive work environment.

(cf. 4119.11/4219.11/4319.11 - Sexual Harassment)

The Board also prohibits retaliation against any district employee or job applicant who opposes any discriminatory employment practice by the district or its employee, agent, or representative or who complains, testifies, assists, or in any way participates in the district's complaint procedures pursuant to this policy. No employee or job applicant who requests an accommodation for any protected characteristic listed in this policy shall be subjected to any punishment or sanction, regardless of whether the request was granted. (Government Code 12940)

Complaints concerning employment discrimination, harassment, or retaliation shall immediately be investigated in accordance with procedures specified in the accompanying administrative regulation.

Any supervisory or management employee who observes or has knowledge of an incident of prohibited discrimination or harassment shall report the incident to the Superintendent or designated district coordinator as soon as practical after the incident. All other employees are encouraged to report such incidents to their supervisor immediately. The district shall protect any employee who does report such incidents from retaliation.

The Superintendent or designee shall use all appropriate means to reinforce the district's nondiscrimination policy. He/she shall provide training and information to employees about how to recognize harassment and discrimination, how to respond appropriately, and components of the district's policies and regulations regarding discrimination. The Superintendent or designee shall regularly review the district's employment practices and, as necessary, shall take action to ensure district compliance with the nondiscrimination laws.

Any district employee who engages in prohibited discrimination, harassment, or retaliation or who aids, abets, incites, compels, or coerces another to engage or attempt to engage in such behavior in violation of this policy shall be subject to disciplinary action, up to and including dismissal.

Board Policy

BP 4119.42 4219.42,4319.42 Exposure Control Plan For Bloodborne Pathogens

As part of its commitment to provide a safe and healthful work environment, the Governing Board recognizes the importance of developing an exposure control plan. The Superintendent or designee shall establish a written exposure control plan in accordance with state and federal standards for dealing with potentially infectious materials in the workplace to protect employees from possible infection due to contact with bloodborne pathogens, including but not limited to hepatitis B virus, hepatitis C virus and human immunodeficiency virus (HIV).

Administrative Regulation

AR 4119.42 4219.42,4319.42 Exposure Control Plan For Bloodborne Pathogens

Definitions

Occupational exposure means reasonably anticipated skin, eye, mucous membrane, or parenteral contact with blood or other potentially infectious materials that may result from the performance of an employee's duties. (8 CCR 5193(b))

Exposure incident means a specific eye, mouth, other mucous membrane, nonintact skin, or parenteral contact with blood or other potentially infectious materials that result from the performance of an employee's duties. (8 CCR 5193 (b))

Parenteral contact means piercing mucous membranes or the skin barrier through such events as needlesticks, human bites, cuts, and abrasions. (8 CCR 5193(b))

A sharp is any object that can be reasonably anticipated to penetrate the skin or any other part of the body and to result in an exposure incident. (8 CCR 5193(b))

A sharps injury is any injury caused by a sharp, including but not limited to cuts, abrasions or needlesticks. (8 CCR 5193(b))

Work practice controls are controls that reduce the likelihood of exposure by defining the manner in which a task is performed. (8 CCR 5193(b))

Engineering controls are controls, such as sharps disposal containers, needleless systems, and sharps with engineered sharps injury protection, that isolate or remove the bloodborne pathogens hazard from the workplace. (8 CCR 5193(b))

Engineered sharps injury protection is a physical attribute built into a needle device or into a non-needle sharp which effectively reduces the risk of an exposure incident. (8 CCR 5193(b))

Exposure Control Plan

The district's exposure control plan shall contain at least the following components: (8 CCR 5193(c))

1. A determination of which employees have occupational exposure to blood or other potentially infectious materials

- a. All job classifications in which all employees have occupational exposure

- b. Job classifications in which some employees have occupational exposure
 - c. All tasks and procedures, or groups of closely related tasks and procedures, in which occupational exposure occurs and which are performed by employees listed in item #b above
2. The schedule and method of implementing:
 - a. Methods of compliance required by 8 CCR 5193(d), such as universal precautions, general and specific engineering and work practice controls, and personal protective equipment

 - d. Communication of hazards to employees, including labels, signs, information and training
 - e. Recordkeeping
 3. The district's procedure for evaluating circumstances surrounding exposure incidents
 4. An effective procedure for gathering information about each exposure incident involving a sharp, as required for the log of sharps injuries
 5. An effective procedure for periodically determining the frequency of use of the types and brands of sharps involved in exposure incidents documented in the sharps injury log
 6. An effective procedure for identifying currently available engineering controls and selecting such controls as appropriate for the procedures performed by employees in their work areas or departments
 7. An effective procedure for documenting instances when a licensed healthcare professional directly involved in a patient's care determines, in the reasonable exercise of clinical judgment, that the use of an engineering control would jeopardize an individual's safety or the success of a medical, dental or nursing procedure involving the individual
 8. An effective procedure for obtaining the active involvement of employees in reviewing and updating the exposure control plan with respect to the procedures performed by employees in their respective work areas or departments

The exposure control plan shall be reviewed and updated at least annually and whenever necessary to: (8 CCR 5193(c))

Note: As amended in Register 99, No. 31, effective July 30, 1999, Items #2 and #5 below were added to 8 CCR 5193(c) to expand the situations in which the exposure control plan must be reviewed and updated.

1. Reflect new or modified tasks and procedures affecting occupational exposure
2. To the extent that sharps are used in the district, reflect progress in implementing the use of needleless systems and sharps with engineered sharps injury protection
3. Include new or revised employee positions with occupational exposure
4. Review and evaluate the exposure incidents which occurred since the previous update
5. Review and respond to information indicating that the exposure control plan is deficient in any area

The district's exposure control plan shall be accessible to employees upon request. (8 CCR 3204(e))

The Superintendent or designee shall use engineering and work practice controls to eliminate or minimize employee exposure, and shall regularly examine and update controls to ensure their effectiveness. (8 CCR 5193(d))

Hepatitis B Vaccination

The hepatitis B vaccination and vaccination series shall be made available at no cost to all employees who have occupational exposure. The hepatitis B vaccination shall be made available after an employee with occupational exposure has received the required training and within 10 working days of initial assignment, unless the employee has previously received the complete hepatitis B vaccination series, or antibody testing has revealed that the employee is immune, or vaccination is contraindicated by medical reasons. (8 CCR 5193(f))

Employees who decline to accept the vaccination shall sign the hepatitis B declination statement. (8 CCR 5193(f))

The Superintendent or designee may exempt designated first aid providers from the pre-exposure hepatitis B vaccine in accordance with 8 CCR 5193 (f).

Information and Training

The Superintendent or designee shall ensure that all employees with occupational exposure participate in a training program containing the elements required by state regulations, during working hours and at no cost to the employee. This program shall be offered at the time of initial assignment to tasks where occupational exposure may take place, at least annually thereafter, and

whenever a change of tasks or procedures affects the employee's exposure. (8 CCR 5193(g))

Designated first aid providers shall receive training that includes the specifics of reporting first-aid incidents which involve blood or body fluids which are potentially infectious. (8 CCR 5193(g))

Reporting Incidents

All exposure incidents shall be reported as soon as possible to the Superintendent or designee.

2. Type and brand of sharp involved in the exposure incident
3. A description of the exposure incident, including:
 - a. Job classification of the exposed employee
 - b. Department or work area where the exposure incident occurred
 - c. The procedure that the exposed employee was performing at the time of the incident
 - d. How the incident occurred
 - e. The body part involved in the incident
 - f. If the sharp had engineered sharps injury protection, whether the protective mechanism was activated and whether the injury occurred before, during or after the protective mechanism was activated
 - g. If the sharp had no engineered sharps injury protection, the injured employee's opinion as

to whether and how such a mechanism could have prevented the injury

h. The employee's opinion about whether any other engineering, administrative or work practice could have prevented the injury

Post-Exposure Evaluation and Follow-up

Following a report of an exposure incident, the Superintendent or designee shall immediately make available to the exposed employee, at no cost, a confidential medical evaluation, post-exposure evaluation and follow-up. The Superintendent or designee shall, at a minimum: (8 CCR 5193(f))

Hepatitis B Vaccine Declination

I understand that due to my occupational exposure to blood or other potentially infectious materials I may be at risk of acquiring hepatitis B virus (HBV) infection. I have been given the opportunity to be vaccinated with hepatitis B vaccine, at no charge to myself. However, I decline hepatitis B vaccination at this time. I understand that by declining this vaccine, I continue to be at risk of acquiring hepatitis B, a serious disease. If in the future I continue to have occupational exposure to blood or other potentially infectious materials and I want to be vaccinated with hepatitis B vaccine, I can receive the vaccination series at no charge to myself.

Administrative Regulation

AR 4119.43 4219.43,4319.43 Universal Precautions

Definitions

Universal precautions are an approach to infection control. All human blood and certain human body fluids, including but not limited to semen, vaginal secretions and any body fluid that is visibly contaminated with blood, are treated as if known to be infectious for human immunodeficiency virus (HIV), hepatitis B virus (HBV), hepatitis C virus (HCV) and other bloodborne pathogens. (8 CCR 5193(b))

Personal protective equipment includes specialized clothing or equipment worn or used for protection against a hazard. General work clothes such as uniforms, pants, shirts or blouses not intended to function as protection against a hazard are not considered to be personal protective equipment. (8 CCR 5193(b))

A sharp is any object that can be reasonably anticipated to penetrate the skin or any other part of the body and to result in an exposure incident. (8 CCR 5193(b))

Engineered sharps injury protection is a physical attribute built into a needle device or into a non-needle sharp which effectively reduces the risk of an exposure incident. (8 CCR 5193(b))

Employee Information

The Superintendent or designee shall distribute to employees information provided by the California Department of Education regarding acquired immune deficiency syndrome (AIDS), AIDS-related conditions, and hepatitis B. This information shall include, but not be limited to, any appropriate methods employees may use to prevent exposure to AIDS and hepatitis B, including information concerning the availability of a vaccine to prevent contraction of hepatitis B, and that the cost of this vaccination may be covered by the health plan benefits of the employees. Information shall be distributed at least annually, or more frequently if there is new information supplied by the California Department of Education. (Health and Safety Code 120875, 120880)

(cf. 4112.9/4212.9/4312.9 - Employee Notifications)

(cf. 4119.42/4219.42/4319.42 - Exposure Control Plan for Bloodborne Pathogens)

Infection Control Practices

The Superintendent or designee shall ensure that the worksite is effectively maintained in a clean and sanitary condition, and shall implement an appropriate written schedule for cleaning and decontamination of the worksite. (8 CCR 5193(d))

Where occupational exposure remains after the institution of engineering and work practice controls, the Superintendent or designee shall provide appropriate personal protective equipment

at no cost to the employee. Such equipment may include gloves, gowns, masks, eye protection, and other devices that do not permit blood or other potentially infectious materials to pass through or reach the employee's clothes, skin, eyes, mouth or other mucous membranes under normal conditions of use. The Superintendent or designee shall maintain, repair, make accessible and require employees to use and properly handle protective equipment. (8 CCR 5193(d))

The Superintendent or designee shall provide handwashing facilities which are readily accessible to employees. When provision of handwashing facilities is not feasible, the Superintendent or designee shall provide an appropriate antiseptic hand cleanser in conjunction with clean cloth or paper towels, or antiseptic towelettes. (8 CCR 5193(d))

For the prevention of infectious disease, employees shall routinely: (8 CCR 5193(d))

1. Perform all procedures involving blood or other potentially infectious materials in such a manner as to minimize splashing, spraying, spattering, and generating droplets of these substances.
2. Use personal protective equipment as appropriate.
 - a. Appropriate clothing, including but not limited to, gowns, aprons, lab coats, clinic jackets or similar outer garments, shall be worn in occupational exposure situations.

If a garment becomes penetrated by blood or other potentially infectious materials, the employee shall remove the garment immediately or as soon as feasible. All personal protective equipment shall be removed prior to leaving the work area. When removed, it shall be placed in an appropriately designated area or container for storage, washing, decontamination or disposal.

- b. Gloves shall be worn when it can be reasonably anticipated that the employee may have hand contact with blood, other potentially infectious materials, mucous membranes and nonintact skin, and when handling or touching contaminated items or surfaces.

Disposable gloves shall be replaced as soon as practical when contaminated, or as soon as feasible if they are torn, punctured, or when their ability to function as a barrier is compromised. They shall not be washed or decontaminated for reuse. Utility gloves may be decontaminated for reuse if the integrity of the gloves is not compromised, but must be discarded if they are cracked, peeling, torn, punctured, or exhibit other signs of deterioration or when their ability to function as a barrier is compromised.

- c. Masks in combination with eye protection devices or face shields shall be worn whenever splashes, spray, spatter, or droplets of blood or other potentially infectious materials may be generated and eye, nose or mouth contamination can be reasonably anticipated.

3. Wash hands and other skin surfaces thoroughly with soap and running water:

- a. Immediately or as soon as feasible following contact of hands or any other skin or mucous membranes with blood or other potentially infectious materials

- b. Immediately after removing gloves or other personal protective equipment

When handwashing facilities are not available, the employee shall use antiseptic hand cleanser in conjunction with clean cloth or paper towels, or antiseptic towelettes. In such instances, hands shall be washed with soap and running water as soon as feasible.

- 4. Refrain from eating, drinking, smoking, applying cosmetics or lip balm, or handling contact lenses in work areas with a reasonable likelihood of occupational exposure.
- 5. Clean and decontaminate all equipment and environmental and work surfaces after contact with blood or other potentially infectious material, no later than the end of the shift or more frequently as required by state regulations.
- 6. Rather than using the hands directly, use mechanical means such as a brush and dust pan, tongs or forceps to clean up broken glassware which may be contaminated.
- 7. Use effective patient-handling techniques and other methods designed to minimize the risk of a sharps injury in all procedures involving the use of sharps in patient care.

(cf. 5141.21 - Administering Medication and Monitoring Health Conditions)

(cf. 5141.24 - Specialized Health Care Services)

- a. Needleless systems shall be used to administer medication or fluids, withdraw body fluids after initial venous or arterial access is established, and conduct any other procedure involving the potential for an exposure incident for which a needleless system is available as an alternative to the use of needle devices. If needleless systems are not used, needles or non-needle sharps with engineered sharps injury protection shall be used.

- b. Contaminated needles or other sharps shall not be broken, bent, recapped, removed from devices, or stored or processed in a manner that requires employees to reach by hand into the containers where these sharps have been placed.

- c. Disposable sharps shall not be reused.

- 8. Handle, store, treat and dispose of regulated waste in accordance with Health and Safety Code 117600-118360 and other applicable state and federal regulations.

- a. Immediately or as soon as possible after use, contaminated sharps shall be placed in containers meeting the requirements of 8 CCR 5193(d)(3)(D). Containers shall be easily accessible, maintained upright throughout use where feasible, and replaced as necessary to avoid overfilling.

- b. Specimens of blood or other potentially infectious material shall be placed in a container which prevents leakage during collection, handling, processing, storage, transport or shipping.

Serious health condition means an illness, injury (including, but not limited to, on-the-job injuries), impairment, or physical or mental condition of the employee or his/her child, parent, or spouse, including, but not limited to, treatment for substance abuse, that involves either of the following: (Government Code 12945.2; 2 CCR 11087, 11097; 29 USC 2611; 29 CFR 825.113-825.115)

1. Inpatient care in a hospital, hospice, or residential health care facility, any subsequent treatment in connection with such inpatient care, or any period of incapacity

A person is considered an inpatient when a health care facility formally admits him/her to the facility with the expectation that he/she will remain overnight and occupy a bed, even if it later develops that the person can be discharged or transferred to another facility and does not actually remain overnight.

Incapacity means the inability to work, attend school, or perform other regular daily activities due to a serious health condition, its treatment, or the recovery that it requires.

2. Continuing treatment or continuing supervision by a health care provider, including one or more of the following:

a. A period of incapacity of more than three consecutive full days

b. Any period of incapacity or treatment for such incapacity due to a chronic serious health condition

c. Any period of incapacity due to pregnancy or for prenatal care under FMLA

d. Any period of incapacity which is permanent or long term due to a condition for which treatment may not be effective

e. Any period of absence to receive multiple treatments, including recovery, by a health care provider

Spouse means a partner in marriage as defined in Family Code 300, including same sex partners in marriage, or a registered domestic partner within the meaning of Family Code 297-297.5. (Family Code 297, 297.5, 300; 2 CCR 11087; 29 CFR 825.122)

Eligibility

The district shall grant FMLA or CFRA leave to eligible employees for any of the following reasons: (Government Code 12945.2; 29 USC 2612; 29 CFR 825.112)

1. The birth of a child of the employee or placement of a child with the employee in

connection with the employee's adoption or foster care of the child (baby bonding)

2. To care for the employee's child, parent, or spouse with a serious health condition
3. The employee's own serious health condition that makes him/her unable to perform one or more essential functions of his/her position
4. Any qualifying exigency arising out of the fact that the employee's spouse, child, or parent is a military member on covered active duty or call to covered active duty (or has been notified of an impending call or order to covered active duty)
5. To care for a covered servicemember with a serious injury or illness if the covered servicemember is the employee's spouse, child, parent, or next of kin, as defined

In addition, the district shall grant PDL to any female employee who is disabled by pregnancy, childbirth, or other related medical condition. (Government Code 12945; 2 CCR 11037)

Terms of Leave

An eligible employee shall be entitled to a total of 12 work weeks of FMLA or CFRA leave during any 12-month period, except in the case of leave to care for a covered servicemember as provided under "Military Caregiver Leave" below. To the extent allowed by law, CFRA and FMLA leaves shall run concurrently. (Government Code 12945.2; 29 USC 2612)

This 12-month period shall coincide with the fiscal year. (29 CFR 825.200)

In addition, for each pregnancy, any female employee who is disabled by pregnancy, childbirth, or other related condition shall be entitled to PDL for the period of the disability not to exceed four months. For a part-time employee, the four months shall be calculated on a proportional basis. (Government Code 12945; 2 CCR 11042)

PDL shall run concurrently with FMLA leave for disability caused by an employee's pregnancy. At the end of the employee's FMLA leave for disability caused by pregnancy, or at the end of four months of PDL, whichever occurs first, a CFRA-eligible employee may request to take CFRA leave of up to 12 work weeks, for the reason of the birth of her child or to bond with or care for the child. (Government Code 12945, 12945.2; 2 CCR 11046, 11093)

Leave taken for the birth or placement of a child must be concluded within the 12-month period beginning on the date of the birth or placement of the child. Such leave does not need to be taken in one continuous period of time. (2 CCR 11090; 29 USC 2612)

Use/Substitution of Paid Leave

An employee shall use his/her accrued vacation leave, other accrued time off, and any other paid time off negotiated with the district for any otherwise unpaid FMLA or CFRA leave not involving his/her own serious health condition. For PDL, CFRA, or FMLA leave due to an

employee's own serious health condition, the employee shall use accrued sick leave and may use accrued vacation leave and other paid time off at his/her option. (Government Code 12945, 12945.2; 2 CCR 11044; 29 USC 2612)

The district and employee may also negotiate for the employee's use of any additional paid or unpaid time off instead of using the employee's CFRA leave. (2 CCR 11092)

(cf. 4141/4241 - Collective Bargaining Agreement)

(cf. 4161/4261/4361 - Leaves)

(cf. 4161.1/4361.1 - Personal Illness/Injury Leave)

(cf. 4261.1 - Personal Illness/Injury Leave)

Intermittent Leave/Reduced Work or Leave Schedule

PDL and family care and medical leave for the serious health condition of an employee or his/her child, parent, or spouse may be taken intermittently or on a reduced work or leave schedule when medically necessary, as determined by the health care provider of the person with the serious health condition. However, the district shall limit leave increments to the shortest period of time that the district's payroll system uses to account for absences or use of leave provided it is not to be greater than one hour. (2 CCR 11042, 11090; 29 USC 2612)

The basic minimum duration of leave for the birth or placement of a child shall be two weeks. However, the district shall grant a request for such leave of less than two weeks on any two occasions. (2 CCR 11090; 29 USC 2612)

The district may require an employee to transfer temporarily to an available alternative position if the employee is pregnant and provides medical certification from her health care provider of a medical need for intermittent leave or leave on a reduced work or leave schedule or if the employee's need for the intermittent leave or leave on a reduced work or leave schedule is foreseeable based on his/her planned medical treatment or that of a family member. This alternative position must have equivalent pay and benefits and must better accommodate recurring periods of leave than the employee's regular job, and the employee must be qualified for the position. Transfer to an alternative position may include altering an existing job to better accommodate the employee's need for intermittent leave or a reduced work or leave schedule. (2 CCR 11041, 11090; 29 USC 2612)

(cf. 4113.4/4213.4/4313.4 - Temporary Modified/Light-Duty Assignment)

Request for Leave

The district shall consider an employee's request for PDL or family care and medical leave only if the employee provides at least verbal notice sufficient to make the district aware of the need to take the leave and the anticipated timing and duration of the leave. (2 CCR 11050, 11091)

For family care and medical leave, the employee need not expressly assert or mention FMLA/CFRA to satisfy this requirement. However, he/she must state the reason the leave is needed (e.g., birth of child, medical treatment). If more information is necessary to determine whether the employee is eligible for family care and medical leave, the Superintendent or designee shall inquire further and obtain the necessary details of the leave to be taken. (2 CCR 11091)

The district shall respond to requests for leave as soon as practicable, but no later than five business days after receiving the employee's request. (2 CCR 11091)

Based on the information provided by the employee, the Superintendent or designee shall designate the leave, paid or unpaid, as FMLA/CFRA qualifying leave and shall give notice of such designation to the employee. Failure of an employee to respond to permissible inquiries regarding the leave request may result in denial of CFRA protection if the district is unable to determine whether the leave is CFRA qualifying. (2 CCR 11091; 29 CFR 825.300)

When an employee is able to foresee the need for the PDL or family care and medical leave at least 30 days in advance of the leave, the employee shall provide the district with at least 30 days advance notice before the leave. When the 30 days notice is not practicable because of a lack of knowledge of when leave will be required to begin, a change in circumstances, a medical emergency, or other good cause, the employee shall provide the district with notice as soon as practicable. Failure of an employee to provide required notice may result in a denial of leave. (2 CCR 11050, 11091)

In all instances, the employee shall consult with the Superintendent or designee and make a reasonable effort to schedule, subject to the health care provider's approval, any planned appointment or medical treatment or supervision so as to minimize disruption to district operations. (Government Code 12945.2; 2 CCR 11050, 11091)

Certification of Health Condition

Within five business days of an employee's request for family care and medical leave for his/her own or his/her child's, parent's, or spouse's serious health condition, the Superintendent or designee shall request that the employee provide certification by a health care provider of the need for leave. Upon receiving the district's request, the employee shall provide the certification within 15 days, unless either the Superintendent or designee provides additional time or it is not practicable under the particular circumstances, despite the employee's diligent, good faith efforts. (2 CCR 11091; 29 CFR 825.305)

The certification shall include the following: (Government Code 12945.2; 2 CCR 11087; 29 USC 2613)

1. The date on which the serious health condition began
2. The probable duration of the condition

3. If the employee is requesting leave to care for a child, parent, or spouse with a serious health condition, both of the following:

a. Statement that the serious health condition warrants the participation of the employee to provide care, such as by providing psychological comfort, arranging for third party care, or directly providing or participating in the medical care of the child, parent, or spouse during a period of the treatment or supervision

b. Estimated amount of time the health care provider believes the employee needs to care for the child, parent, or spouse

4. If the employee is requesting leave because of his/her own serious health condition, a statement that due to the serious health condition, he/she is unable to work at all or is unable to perform one or more essential functions of his/her job

5. If the employee is requesting leave for intermittent treatment or on a reduced work or leave schedule for planned medical treatment, a statement of the medical necessity for the leave, the dates on which treatment is expected to be given, the duration of such treatment, and the expected duration of the leave

When an employee has provided sufficient medical certification to enable the district to determine whether the employee's leave request is FMLA/CFRA-eligible, the Superintendent or designee shall notify the employee within five business days whether the leave is FMLA/CFRA-eligible. The Superintendent or designee may also retroactively designate leave as FMLA/CFRA leave as long as appropriate notice is given to the employee and there is no harm or injury to the employee. (2 CCR 11091; 29 CFR 825.301)

If the Superintendent or designee doubts the validity of a certification that accompanies a request for leave for the employee's own serious health condition, he/she may require the employee to obtain a second opinion from a district-approved health care provider, at district expense. If the second opinion is contrary to the first, the Superintendent or designee may require the employee to obtain a third medical opinion from a third health care provider approved by both the employee and the district, again at district expense. The opinion of the third health care provider shall be final and binding. (Government Code 12945.2; 2 CCR 11091; 29 USC 2613)

For PDL, the Superintendent or designee shall request that the employee provide certification by a health care provider of the need for leave at the time the employee gives notice of the need for PDL, or within two business days of giving the notice. If the need for PDL is unforeseen, the Superintendent or designee shall request the medical certification within two business days after the leave commences. The Superintendent or designee may request certification at some later date if he/she has reason to question the appropriateness of the leave or its duration. (2 CCR 11050)

For PDL that is foreseeable and for which at least 30 days notice has been given, the employee shall provide the medical certification before the leave begins. When this is not practicable, the employee shall provide the certification within the time frame specified by the Superintendent or

designee which must be at least 15 days after the request, unless it is not practicable under the particular circumstances despite the employee's diligent, good faith efforts. (2 CCR 11050)

Medical certification for PDL purposes shall include a statement that the employee needs to take the leave because she is disabled by pregnancy, childbirth, or a related medical condition, the date on which the employee became disabled because of pregnancy, and the estimated duration of the leave. (2 CCR 11050)

If additional PDL or family care and medical leave is needed when the time estimated by the health care provider expires, the district may require the employee to provide recertification in the manner specified for the leave. (Government Code 12945.2; 2 CCR 11050; 29 USC 2613)

The Superintendent or designee shall not request any genetic information related to an employee except as authorized by law in accordance with the California Genetic Information Nondiscrimination Act of 2011.

Release to Return to Work

Upon expiration of an employee's PDL or family care and medical leave taken for his/her own serious health condition, the employee shall present certification from the health care provider that he/she is able to resume work.

(cf. 4112.4/4212.4/4312.4 - Health Examinations)

The certification from the employee's health care provider shall address the employee's ability to perform the essential functions of his/her job.

Rights to Reinstatement

Upon granting an employee's request for PDL or FMLA/CFRA leave, the Superintendent or designee shall guarantee to reinstate the employee in the same or a comparable position when the leave ends. (Government Code 12945.2; 2 CCR 11043, 11089; 29 USC 2614)

However, the district may refuse to reinstate an employee returning from FMLA or CFRA leave to the same or a comparable position if all of the following apply: (Government Code 12945.2; 2 CCR 11089; 29 USC 2614)

1. The employee is a salaried "key employee" who is among the highest paid 10 percent of district employees who are employed within 75 miles of the employee's worksite.
2. The refusal is necessary to prevent substantial and grievous economic injury to district operations.
3. The district informs the employee of its intent to refuse reinstatement at the time it determines that the refusal is necessary, and the employee fails to immediately return to service.

(cf. 4117.3 - Personnel Reduction)
(cf. 4217.3 - Layoff/Rehire)

The district may also refuse to reinstate an employee to the same or a comparable position if the FMLA/CFRA leave was fraudulently obtained by the employee. (2 CCR 11089; 29 CFR 825.216)

The district may refuse to reinstate an employee to the same position after taking PDL if, at the time the reinstatement is requested, the employee would not otherwise have been employed in that position for legitimate business reasons unrelated to the employee's PDL. (2 CCR 11043)

Maintenance of Benefits/Failure to Return from Leave

During the period when an employee is on PDL or family care and medical leave, he/she shall maintain his/her status with the district and the leave shall not constitute a break in service for purposes of longevity, seniority under any collective bargaining agreement, or any employee benefit plan. (Government Code 12945.2; 2 CCR 11092; 29 USC 2614)

For up to a maximum of four months for PDL and 12 work weeks for other family care and medical leave, the district shall continue to provide an eligible employee the group health plan coverage that was in place before he/she took the leave. The employee shall reimburse the district for premiums paid during the leave if he/she fails to return to district employment after the expiration of all available leaves and the failure is for a reason other than the continuation, recurrence, or onset of a serious health condition or other circumstances beyond his/her control. (Government Code 12945.2; 2 CCR 11044, 11092; 29 USC 2614; 29 CFR 825.213)

(cf. 4154/4254/4354 - Health and Welfare Benefits)

In addition, during the period when an employee is on PDL or family care and medical leave, the employee shall be entitled to continue to participate in other employee benefit plans including life insurance, short-term or long-term disability insurance, accident insurance, pension and retirement plans, and supplemental unemployment benefit plans to the same extent and under the same conditions as would apply to an unpaid leave taken for any other purpose. However, for purposes of pension and retirement plans, the district shall not make plan payments for an employee during any unpaid portion the leave period and the leave period shall not be counted for purposes of time accrued under the plan. (Government Code 12945.2; 2 CCR 11044, 11092)

Military Caregiver Leave

The district shall grant an eligible employee up to a total of 26 work weeks of leave during a single 12-month period, measured forward from the first date the leave is taken, to care for a covered servicemember with a serious illness or injury. In order to be eligible for such military caregiver leave, the employee must be the spouse, son, daughter, parent, or next of kin of the covered servicemember. This 26-week period is not in addition to, but rather is inclusive of, the

12 work weeks of leave that may be taken for other FMLA qualifying reasons. (29 USC 2611, 2612; 29 CFR 825.127)

Covered servicemember may be: (29 CFR 825.127)

1. A current member of the Armed Forces, including a member of the National Guard or Reserves, who is undergoing medical treatment, recuperation, or therapy; is otherwise in outpatient status; or is otherwise on the temporary disability retired list for a serious injury or illness

2. A veteran who was discharged or released under conditions other than dishonorable at any time during the five-year period prior to the first date the eligible employee takes FMLA leave to care for the covered veteran

Son or daughter of a covered servicemember means the biological, adopted, or foster child, stepchild, legal ward, or a child of any age for whom the covered servicemember stood in loco parentis. (29 CFR 825.127)

Parent of a covered servicemember means the covered servicemember's biological, adopted, step, or foster parent, or any other individual who stood in loco parentis to the covered servicemember (except "parents in law"). (29 CFR 825.127)

Next of kin means the nearest blood relative to the covered servicemember, or as designated in writing by the covered servicemember. (29 USC 2611, 2612)

Outpatient status means the status of a member of the Armed Forces assigned to a military medical treatment facility as an outpatient or a unit established for the purpose of providing command and control of members of the Armed Forces receiving medical care as outpatients. (29 USC 2611; 29 CFR 825.127)

Serious injury or illness means: (29 USC 2611; 29 CFR 825.127)

1. For a current member of the Armed Forces, an injury or illness incurred by the member in the line of duty on active duty, or that existed before the beginning of the member's active duty and was aggravated by the member's service in the line of duty while on active duty in the Armed Forces, and that may render the member medically unfit to perform the duties of the member's office, grade, rank, or rating.

2. For a veteran, an injury or illness incurred or aggravated by the member's service in the line of duty on active duty in the Armed Forces, including the National Guard or Reserves, that manifested itself before or after the member became a veteran and that is at least one of the following:

a. A continuation of a serious injury or illness incurred or aggravated while the veteran was a member of the Armed Forces and rendered him/her unable to perform the duties of his/her office, grade, rank, or rating

b. A physical or mental condition for which the veteran has received a U.S. Department of Veterans Affairs (VA) Service-Related Disability Rating of 50 percent or greater, based wholly or partly on that physical or mental condition

c. A physical or mental condition that substantially impairs the veteran's ability to secure or follow a substantially gainful occupation by reason of one or more disabilities related to his/her military service or that would do so but for treatment received by the veteran

d. An injury, including a psychological injury, on the basis of which the veteran has been enrolled in the VA's Program of Comprehensive Assistance for Family Caregivers

The employee shall provide reasonable and practicable notice of the need for the leave in accordance with the procedures in the section entitled "Request for Leave" above.

An employee requesting leave to care for a covered servicemember with a serious injury or illness shall provide the Superintendent or designee with certification from an authorized health care provider of the servicemember that contains the information specified in 29 CFR 825.310.

The leave may be taken intermittently or on a reduced work or leave schedule when medically necessary. An employee taking military caregiver leave in combination with other leaves pursuant to this administrative regulation shall be entitled to a combined total of 26 work weeks of leave during a single 12-month period. When both spouses work for the district and both wish to take such leave, the spouses are limited to a maximum combined total of 26 work weeks during a single 12-month period. (29 USC 2612)

During the period of military caregiver leave, the district's rule regarding an employee's use of his/her accrued vacation leave and other accrued paid or unpaid time off, as specified in the section "Use/Substitution of Paid Leave" above, shall apply.

Notifications

The Superintendent or designee shall provide the following notifications regarding state and federal law related to PDL or FMLA/CFRA leave:

1. General Notice: Information explaining the provisions of the FEHA/PDL and FMLA/CFRA and employee rights and obligations shall be posted in a conspicuous place on district premises, or electronically, and shall be included in employee handbooks. (2 CCR 11049, 11095; 29 USC 2619)

The general notice shall also explain an employee's obligation to provide the Superintendent or designee with at least 30 days notice of the need for the requested leave, when the need is reasonably foreseeable at least 30 days prior to the start of the leave. (2 CCR 11050, 11091)

(cf. 4112.9/4212.9/4312.9 - Employee Notifications)

2. Eligibility Notice: When an employee requests leave, including PDL, or when the Superintendent or designee acquires knowledge that an employee's leave may be for an FMLA/CFRA qualifying reason, the Superintendent or designee shall, within five business days, provide notification to the employee of his/her eligibility to take such leave. (2 CCR 11049, 11091; 29 CFR 825.300)

3. Rights and Responsibilities Notice: Each time the eligibility notice is provided to an employee, the Superintendent or designee shall provide written notification explaining the specific expectations and obligations of the employee, including any consequences for a failure to meet those obligations. Such notice shall include, as applicable: (29 CFR 825.300)

a. A statement that the leave may be designated and counted against the employee's annual FMLA/CFRA leave entitlement and the appropriate 12-month entitlement period, if qualifying

b. Any requirements for the employee to furnish medical certification of a serious health condition, serious injury or illness, or qualifying exigency arising out of active duty or call to active duty status and the consequences of failing to provide the certification

c. The employee's right to use paid leave, whether the district will require use of paid leave, conditions related to any use of paid leave, and the employee's entitlement to take unpaid leave if the employee does not meet the conditions for paid leave

d. Any requirements for the employee to make premium payments necessary to maintain health benefits, the arrangement for making such payments, and the possible consequences of failure to make payments on a timely basis

e. The employee's status as a "key employee" if applicable, potential consequence that restoration may be denied following the FMLA leave, and explanation of the conditions required for such denial

f. The employee's right to maintenance of benefits during the leave and restoration to the same or an equivalent job upon return from leave

g. The employee's potential liability for health insurance premiums paid by the district during the employee's unpaid FMLA leave should the employee not return to service after the leave

Any time the information provided in the above notice changes, the Superintendent or designee shall, within five business days of his/her receipt of an employee's first notice of need for leave, provide the employee with a written notice referencing the prior notice and describing any changes to the notice. (29 CFR 825.300)

4. Designation Notice: When the Superintendent or designee has information (e.g., sufficient medical certification) to determine whether the leave qualifies as FMLA/CFRA leave, he/she shall, within five business days, provide written notification designating the leave as

FMLA/CFRA qualifying or, if the leave will not be so designated, the reason for that determination. (2 CCR 11091; 29 CFR 825.300)

If the amount of leave needed is known, the notice shall include the number of hours, days, or weeks that will be counted against the employee's FMLA/CFRA entitlement. If it is not possible to provide that number at the time of the designation notice, notification shall be provided of the amount of leave counted against the employee's entitlement upon request by the employee and at least once in every 30-day period if leave was taken in that period. (29 CFR 825.300)

If the district requires paid leave to be used during an otherwise unpaid family care and medical leave, the notice shall so specify. If the district requires an employee to present a release to return to work certification that addresses the employee's ability to perform the essential functions of the job, the notice shall also specify that requirement. (2 CCR 11091, 11097; 29 CFR 825.300)

Any time the information provided in the designation notice changes, the Superintendent or designee shall, within five business days, provide the employee with written notice referencing the prior notice and describing any changes to the notice. (29 CFR 825.300)

Records

The Superintendent or designee shall maintain records pertaining to an individual employee's use of family care and medical leave in accordance with law. (Government Code 12946; 29 USC 2616; 42 USC 2000ff-1; 29 CFR 825.500)

Board Policy

BP 5141.21 Administering Medication And Monitoring Health Conditions

The Governing Board believes that regular school attendance is critical to student learning and that students who need to take medication prescribed or ordered for them by their authorized health care providers should have an opportunity to participate in the educational program.

(cf. 5113 - Absences and Excuses)
(cf. 5113.1 - Chronic Absence and Truancy)

Any medication prescribed for a student with a disability who is qualified to receive services under the Individuals with Disabilities Education Act or Section 504 of the Rehabilitation Act of 1973 shall be administered in accordance with the student's individualized education program or Section 504 services plan as applicable.

(cf. 6159 - Individualized Education Program)
(cf. 6164.6 - Identification and Education Under Section 504)

For the administration of medication to other students during school or school-related activities, the Superintendent or designee shall develop protocols which shall include options for allowing a parent/guardian to administer medication to his/her child at school, designate other individuals to do so on his/her behalf, and, with the child's authorized health care provider's approval, request the district's permission for his/her child to self-administer a medication or self-monitor and/or self-test for a medical condition. Such processes shall be implemented in a manner that preserves campus security, minimizes instructional interruptions, and promotes student safety and privacy.

(cf. 1250 - Visitors/Outsiders)
(cf. 5141 - Health Care and Emergencies)
(cf. 5141.22 - Infectious Diseases)
(cf. 5141.23 - Asthma Management)
(cf. 5141.27 - Food Allergies/Special Dietary Needs)
(cf. 6116 - Classroom Interruptions)

Administration of Medication by School Personnel

Any medication prescribed by an authorized health care provider, including, but not limited to, emergency antiseizure medication for a student who suffers epileptic seizures, auto-injectable epinephrine, insulin, or glucagon, may be administered by the school nurse or other designated school personnel only when the Superintendent or designee has received written statements from both the student's parent/guardian and authorized health care provider. (Education Code 49414.7, 49423; 5 CCR 600)

When medically unlicensed school personnel are authorized by law to administer any medication to students, such as emergency antiseizure medication, auto-injectable epinephrine, insulin, or glucagon, the Superintendent or designee shall ensure that school personnel designated to administer any medication receive appropriate training and, as necessary, retraining from qualified medical personnel before any medication is administered. At a minimum, the training shall cover how and when such medication should be administered, the recognition of symptoms and treatment, emergency follow-up procedures, and the proper documentation and storage of medication. Elementary schools shall, at a minimum, be provided one adult (regular) and one junior epinephrine auto-injector. Secondary schools shall be provided at least one adult (regular) epinephrine auto-injector, unless there are any students at the school who require a junior epinephrine auto-injector. (Education Code 49414)

If an epinephrine auto-injector is used, the school nurse or other qualified supervisor of health shall restock the epinephrine auto-injector as soon as reasonably possible, but no later than two weeks after it is used. In addition, epinephrine auto-injectors shall be restocked before their expiration date. (Education Code 49414)

Information regarding defense and indemnification provided by the district for any and all civil liability for volunteers administering epinephrine auto-injectors shall be provided to each volunteer and retained in his/her personnel file. (Education Code 49414)

(cf. 4112.6/4212.6/4312.6 - Personnel Files)

Reporting Process and Complaint Investigation and Resolution

Any student who believes that he/she has been subjected to sexual harassment or who has witnessed sexual harassment is strongly encouraged to report the incident to his/her teacher, the principal, or any other available school employee. Within one school day of receiving such a report, the school employee shall forward the report to the principal or the district's compliance officer identified in AR 1312.3. In addition, any school employee who observes an incident of sexual harassment involving a student shall, within one school day, report his/her observation to the principal or a district compliance officer. The employee shall take these actions, whether or not the alleged victim files a complaint.

In any case of sexual harassment involving the principal, compliance officer, or any other person to whom the incident would ordinarily be reported or filed, the report may instead be submitted the Superintendent or designee.

(cf. 5141.4 - Child Abuse Prevention and Reporting)

When a report of sexual harassment is submitted, the principal or compliance officer shall inform

the student or parent/guardian of the right to file a formal written complaint in accordance with the district's uniform complaint procedures.

If a complaint of sexual harassment is initially submitted to the principal, he/she shall, within two school days, forward the report to the compliance officer to initiate investigation of the complaint. The compliance officer shall contact the complainant and investigate and resolve the complaint in accordance with law and district procedures specified in AR 1312.3.

Confidentiality

All complaints and allegations of sexual harassment shall be kept confidential except as necessary to carry out the investigation or take other subsequent necessary action. (5 CCR 4964)

However, when a complainant or victim of sexual harassment notifies the district of the harassment but requests confidentiality, the compliance officer shall inform him/her that the request may limit the district's ability to investigate the harassment or take other necessary action. When honoring a request for confidentiality, the district will nevertheless take all reasonable steps to investigate and respond to the complaint consistent with the request.

When a complainant or victim of sexual harassment notifies the district of the harassment but requests that the district not pursue an investigation, the district will determine whether or not it can honor such a request while still providing a safe and nondiscriminatory environment for all students.

(cf. 4119.23/4219.23/4319.23 - Unauthorized Release of Confidential/Privileged Information)
(cf. 5125 - Student Records)

Response Pending Investigation

When an incident of sexual harassment is reported, the principal or designee, in consultation with the compliance officer, shall determine whether interim measures are necessary pending the results of the investigation. The principal/designee or compliance officer shall take immediate measures necessary to stop the harassment and protect students and/or ensure their access to the educational program. Such measures may include placing the individuals involved in separate classes or transferring a student to a class taught by a different teacher, in accordance with law and Board policy. The school should notify the individual who was harassed of his/her options to avoid contact with the alleged harasser and allow the complainant to change academic and extracurricular arrangements as appropriate. The school should also ensure that the complainant is aware of the resources and assistance, such as counseling, that are available to him/her. As appropriate, such actions shall be considered even when a student chooses to not file a formal complaint or the sexual harassment occurs off school grounds or outside school-sponsored or school-related programs or activities.

Social Media Policy

Purpose

The Surprise Valley Joint Unified School District is committed to providing a safe and secure learning and working environment for its students, employees and associated persons. Employees and all associated persons are expected to follow all District policies when using social media as a form of communication.

The purpose of this administrative regulation is to provide guidelines for social media communications between employees, students, parents and other associated persons; to prevent unauthorized access and other inappropriate activities by District users online; to prevent unauthorized disclosure of or access to sensitive information, and to comply with the Children's Internet Protection Act (CIPA) and other applicable laws. While the District recognizes that during non-work hours employees and students may participate in online social media, blogs, and other online tools, District employees and associated persons should keep in mind that information produced, shared and retrieved by them may be subject to District policies and is a reflection of the school community.

Social media has many educational benefits but when social media postings violate the law or District policies or create a substantial disruption to the school community and/or work environment, the administrator may have an obligation to respond and take appropriate action, including but not limited to investigation, removal of posts, discipline, and/or referral to law enforcement.

Under certain circumstances, the District has jurisdiction to discipline employees who violate rules of appropriate conduct, which includes but is not limited to, the use of social networking sites during or outside of work hours. Additionally, the District may not be able to protect or represent employees who incur legal action from a second party in response to the employee's behavior in a social networking site. In response to violations of the rules of appropriate conduct, the District may also restrict access to students, employees, and associated persons and/or remove posts on official District social media platforms.

All staff shall receive information about appropriate use of the official District social media platforms.

Social Media Guidelines for Employees and Associated Persons

Schools, offices, departments, and associated persons in the Surprise Valley Joint Unified School District may have their own websites and social media networks that enable staff to share school/work-related information. Confidential or privileged information about students or personnel (e.g., grades, attendance records, or other pupil/personnel record information) may be shared only on District approved secured connections by authorized individuals. All existing policies and behavior guidelines that cover employee conduct on the school premises and at school-related activities similarly apply to the online environment in those same venues.

1. Keep personal social network accounts separate from work related accounts. When a student or minor wishes to link to the personal social networking site of an employee or associated person, the employee or associated person should redirect them to the school approved website and/or official District social media platform. Accepting invitations to non-school related social networking sites from parents, students or alumni under the age of 18 is strongly discouraged.
2. Any employee or associated person engaging in inappropriate conduct including but not limited to posting threatening, harassing, racist, biased, derogatory, disparaging or bullying comments toward or about any student, employee, or associated person on any website and/or social media sites during or after school hours may be subject to discipline and/or referral to law enforcement. Inappropriate conduct may result in removal of posts and/or blocked access to the Internet, website and/or school social networking site.
3. The written, informed consent of the child's parent/legal guardian must be on file for student identifying information to be post on the district's social networking sites.
4. Never share confidential or privileged information about students or personnel (e.g., grades, attendance records, or other pupil/personnel record information).

5. Users should have no expectation of privacy regarding their use of District property, network and/or Internet access to files, including email.
6. The District reserves the right to monitor users' online activities while on the job or using District technology and to access, review, copy, and store or delete any electronic communication or files and/or disclose them to others as it deems necessary.
7. Threats are taken seriously and may be subject to law enforcement intervention, including but not limited to formal threat assessments and/or injunctive relief.
8. District employees and associated persons are responsible for the information they post, share, or respond to online. Employees and associated persons should utilize privacy settings to control access to personal networks, webpages, profiles, posts, digital media, forums, fan pages, etc. However, be aware that privacy settings bring a false sense of security. Anything posted on the Internet may be subject to public viewing and republication by third parties without your knowledge.
9. If you identify yourself online as a school employee or associated person, ensure that your profile and related content are presented in a professional manner to colleagues, parents, and students. Conduct yourself online according to the same code of ethics and standards set forth in the District Acceptable Use Policy and/or California Commission on Teacher Credentialing. It is recommended that you post a disclaimer on your website or social media pages stating "The views on this page are personal and do not reflect the views of the Surprise Valley Joint Unified School District."
10. Use of District logos or images on one's personal social networking sites is prohibited.
11. Misrepresenting oneself by using someone else's identity may be identity theft. It is advisable to periodically check that one's identity has not been compromised.

Responsibilities of District Employees and Associated Persons

All District employees and associated persons are expected to adhere to Board policy and administrative regulation and be familiar with and follow the guidelines contained herein. Additional responsibilities include:

A. Administrator/Designee should:

1. Distribute and communicate this policy and regulations to all employees and associated persons.
2. Assure involved parties that allegations and complaints are taken seriously.
3. Investigate reported incidents of employee, student, or associated persons misconduct or violations of appropriate conduct under the guidance of the Human Resources Department.
4. Postings of a serious nature may warrant additional reporting to the appropriate reporting agency:
 - a. Threats (contact appropriate law enforcement agency)
 - b. Inappropriate or sexualized images of minors, including but not limited to child pornography (contact appropriate law enforcement agency)
 - c. Raise a reasonable suspicion of child abuse or neglect (contact appropriate law enforcement agency and Child Protective Services)
5. Inappropriate postings may be documented by taking and printing screen shots or downloading them onto a flashdrive. Evidence should be collected with the permission of the site administrator for the sole purpose of the investigative process and stored in a secured location. This evidence may be used in conference with the employee(s), students, or associated person(s) in question. *Caution: Do not download or print images of minors or any content that may be considered child pornography. Law enforcement should gather evidence of child pornography, not a District employee.*
6. Document all critical incidents.

7. The target of online harassment can request removal of objectionable postings by reporting the abuse to the internet service provider or webmaster. Most social networking sites have the capacity to flag objectionable postings with "report abuse" button. The target should document the postings prior to their removal. The target of online harassment is encouraged to report any such conduct to District administration. The target of online harassment may also have a private right of action against the party initiating the unwelcome conduct.

8. Monitor and follow-up on inappropriate online conduct to ensure that any online harassment does not result in an unwelcome work environment and take steps to ensure that a safe work environment is provided.

B. Superintendent should:

1. Communicate this Policy and administrative regulations to administrators, employees and associated persons.

2. Designate administrators to ensure the implementation of this policy.
